### FINISHED MEASUREMENTS

Shawl measures approximately 72 x 28"/183 x 71cm.

### GAUGE

In pattern, 24 sts and 12 rows = 4"/10cm.

### STITCHES USED

Chain (ch), double crochet (dc), slip stitch (sl st)

### SPECIAL TERMS

**dc2tog:** Double crochet 2 sts together— [Yarn over, insert hook in next st and draw up a loop, yarn over and draw through 2 loops on hook] twice, yarn over and draw through all 3 loops on hook.

**shell:** (3 dc, ch 2, 3 dc) in indicated stitch or space.

**small-shell:** (2 dc, ch 2, 2 dc) in indicated stitch or space.

**V-st:** V-stitch—(Dc, ch 1, dc) in indicated stitch or space.

**NOTES**

1. Shawl is worked in several sections. First the center back triangle is worked. Then the body of the shawl is worked across the side edges of the center back triangle.
2. The body of the shawl is worked, back and forth in rows, from the lower edge of the center back triangle downwards. When back reaches required length, the body is divided into two sides. The sides are worked separately to form the front, lower 'petals' of the shawl.
3. Stitch markers are used to indicate where the second side is to begin, and where the edging is to begin. Use different colored markers, to help distinguish between these two locations.
